

SEED THE REVOLUTION

MK 0617 CONV

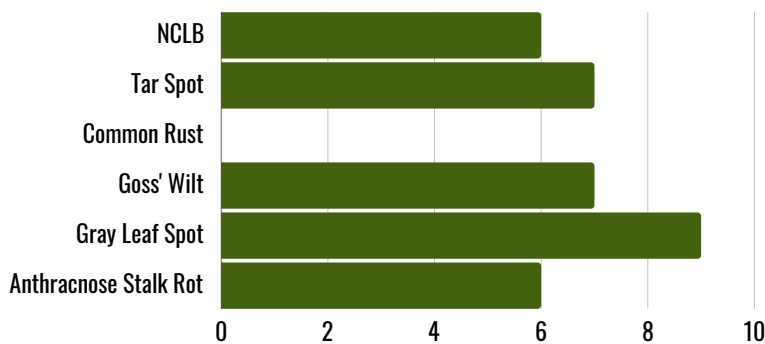

PRODUCT HIGHLIGHTS

- **LATE TO BED, EARLY TO RISE:** Plant it last when soils are warm, harvest it first - timing is everything with this deep sleeper
- **BUILT DIFFERENT:** Rides lower than most with a white cob and deep kernels, backed by root strength that laughs at stress
- **TERRITORY MARKED:** Flexes north and south of zone, stands strong in western winds, but keep watch for those anthracnose and fusarium predators
